Forecast For Highland & Eilean Siar
Issued by Met Office Aberdeen
at 0400 on Monday 08 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Turning drier, brighter for many, rain and cloud across Lochaber.

Today:
A mostly cloudy start with some patchy light rain or drizzle, but gradually turning drier through the morning with some bright or sunny spells developing, the best of these across the far northwest. Thicker cloud and rain across Lochaber throughout. Maximum temperature 10 deg C (50 deg F).

Tonight:
A dry evening and night for many with some clear spells in the north, but thicker cloud and drizzle across Lochaber gradually spreads north through the night. Minimum temperature 3 deg C (37 deg F).

Tuesday:
For much of the day, dry with bright or sunny spells in north, thicker cloud and drizzle in south. Heavy rain and coastal gales spread east from late afternoon. Maximum temperature 11 deg C (52 deg F).

Outlook for Wednesday to Friday:
Cloudy, breezy with some showery rain Wednesday, turning more persistent in the afternoon. Colder with frequent blustery showers Thursday and Friday, wintery on high ground.
